JOHN BRADY PASSES AWAY ON DEC. 19th

John Bernard Brady, 79, of 803 Maple Street, one of Grayling's older residents, passed away at Mercy Hospital on Wednesday, December 19th, 1962. He had been at the hospital for about two weeks.

A retired track foreman of the New York Central railroad, Mr. Brady was a member of St. Mary's church, a good husband and father, well-loved by his family and friends.

Mr. Brady was born September 6th, 1883 to the late Mr. and Mrs. John Brady, in Ontario, Canada. He was married February 4, 1907, in Grayling, to the former Sadie Bartlett and they made their home for ten years in Mackinaw City, East Jordan and Waters before coming to Grayling 45 years ago. Besides his widow, he is survived by six sons, Francis of Ionia, Joseph of West Branch, Jerome, Richard and Robert of Detroit, and Michael of Venezuela; South America; five daughters, Mrs. Ann Eldred, Mrs. Helen Witham, Mrs. Jean McClain and Miss Sally Brady, all of Detroit and Mrs. Monica Weideman of K. I. Sawyer Air Force Base; nineteen grandchildren and three great grandchildren; and a sister Mrs. John Rittenhouse of Detroit.

John, died within his teens. All of the Brady children graduated from Grayling High School.

Funeral services were held at 11 o'clock Saturday morning at St. Mary's church, with the Rev. Fr. Joseph Sakowski officiating. A rosary was read at 8 o'clock on Friday evening at the Sorenson Funeral Home. Interment was in Elmwood Mausoleum with Richard and Lovely, Joe Kessler and Jerome Kessler serving as pallbearers.

Grayling's North End

Taking On New Look

Grayling's north end is taking on a new look as three projects are being worked on. Marshall's Hotel has ten new units built, with the roof, doors and windows installed, and the interiors about half completed. They expect to have them open in the spring.

The Grayling Oil Company station has been covered on the outside with porcelainized paneling, and a new lobby added.

The remodeling of Baker's Triangle Motel is about half completed. They will have a new carport, new roof, new carpeting throughout the interior, and wrought iron railing around the roof with cypress ten feet along the front of the units. White brickwork on the outside will make the finished appearance a neat black and white, with a green roof.

Brownie Troop 23 Gives

\$10.60 To Library Fund

The latest donation to the Library Fund is \$10.60, given by former Brownie Troop 23, now disbanded, and their leaders, Mrs. Dorothy Sorenson and Mrs. Jerri Mac Golnick. The money was collected a bit at a time, and presented to the fund last week. Contributors are Vickie Anthony, Deborah Bartholomew, Cheryl Bourrie, Mary Dwyer, Cathy Duff, Diane Duley, Jennelle Golnick, Julie Golnick, Gail Goss, Elizabeth Halsted, Mary Jo Henderson, Shelly Hildebrandt, Karen Hubbell, Kathy Kelly, Linda Knuth, Julie Kucharek, Lynn Proctor, Margaret Raymond, Tracy Roper, Kim Smith, Debra Snyder, Pennie Taylor, Jan Thompson and Judith Welsh.

Feldhauser School Holds

Annual Xmas Program

The annual Christmas program by the students of the Feldhauser School was presented Thursday night at the schoolhouse, under the direction of the teacher, Mrs. Arthur Wakeley.

A welcome by Judy Vallad opened the program. Next came a recitation, "Peace on Earth" by Jeffrey Fowler. The children of the primary grades presented a play, "Trouble for Rudolph," as the next item. Then came a musical duet, "A Lullaby," by Gail Fowler and Audrey Gierke.

David Shaw recited a poem, "A Doctor Speaks," and a puppet play, "Punch and Santa Claus," was given by Ray Stephan, Kirby Pettijohn and Ruth Ann Bloomer. "How Many Santas" is a reading, came next, by Patricia Kellogg. A piano solo, "The First Noel," was played by Ruth Bloomer.

"When the Stable Animals Talk" was next given by the Kindergarten and the First Grade. Concluding the program was the singing of carols, "Silent Night," "Luther Cradle Hymn," and "We Wish You a Merry Christmas," by all the children of the school.

At the close of the program, Santa Claus arrived in person, to distribute gifts from the Christmas tree to all the children. As usual, the schoolroom was filled to overflowing with proud parents and friends who enjoyed the opportunity for a visit with each other.

Local Guard Unit Has

Three Honor Students

It isn't often that one National Guard unit can boast of three honor students at Army service schools, but such is the case of Sep Det, Hq & Hq Det, Michigan AARG, at Camp Grayling.

First of the honor students was PFC Ted R. McEvers, who came home 8 June with top honors in the Automotive Repair Course at Aberdeen Proving Grounds, Maryland.

Then on 12 October, Sgt. Ross P. Thompson graduated with highest honors in the Field Artillery Repair Course at Aberdeen.

Posting on the cake was PFC Frank D. Davis, who came back 2 November with honor student laurels in the Turret Artillery Repair Course at Aberdeen.

Former Resident Given

Flint Bank Post

James E. Burch of Fenton, Michigan, was appointed Assistant Cashier of the Genesee Merchants Bank and Trust Company of Flint at a meeting of the bank's directors held Monday, December 17th. Jim is employed at the mother bank in Flint, which has 25 branches in the area.

The son of Mr. and Mrs. Marion Burch of Grayling, Jim graduated from Grayling High school in 1953 and from Michigan State University in 1957. He was married to Barbara Kuhn of Fenton. He went into the army and served his required military duty, receiving his discharge a couple of years ago. Jim started work for the Genesee Merchants Bank shortly thereafter, working in various departments of branch banks, and has worked his way up to his present position. He celebrated his 28th birthday on December 22nd.

Grayling Junior High Wins

Two At Houghton Lake

A seventh and an eighth grade team from Grayling Junior High School under their coach, Fraser Dean, traveled to Houghton Lake Wednesday evening where the Grayling teams were victorious in each game.

The seventh grade won by a score of 30 to 16 and the eighth grade triumphed by a 38 to 20 count. The seventh grade stepped right out to a 10-0 lead in the first half and swept on to a 11 to 8 halftime edge. In the third period, the Grayling team came up with 13 points while limiting their hosts to 5. In the fourth period Grayling scored 6 to Houghton Lake's 3. Don Brocker scored 8 for Grayling, followed by Paul King with 7, John Hawkins 5, John Johnson 5 and Richard Lovell and David Jansen 2 each. Others on the team but who failed to hit the scoring column are: Steve Walters, Penn Welch, Kim Rentscher and Dennis Palmer. King and Hawkins were Grayling's top rebounders.

BABSON'S BUSINESS AND FINANCIAL REPORT FOR '63

The business situation will vary

with different industries, and hence with different cities. Some defense centers will boom; steel cities will still find the going tough; but better than a year ago. Considering the high level of the past ten years it will not be surprising for 1963 to show a moderate decline in business. If so it should come in the second or third quarter, with recovery in the fourth quarter, followed by a good 1964.

Disposable personal income will remain high. With increased savings deposits and little change in the cost-of-living, the public should continue to spend freely, especially if merchants maintain their advertising outlays.

Inventories will remain about same during 1963. But government spending will increase over \$3 billion — largely on defense — and \$2 billion on new roads. Whether manufacturers will hike their expenditures for new machinery in 1963 in view of the depreciation tax credit, I would not now forecast.

All this means that business and employment for your city in 1963 will depend largely upon the attitude of its leading businessmen. If they will be optimistic and spend more on new plants, advertising, and salesmanship, we should have nothing to fear.

STOCKS AND BONDS

My father used to tell me, "It

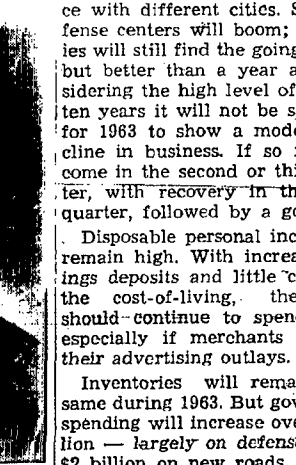

is okay, Roger, for you put dates on forecasts . . . but never put dates on them." I forecast that the Dow-Jones Industrial Average will register lower sometime during 1963 and stocks will show an average yield of about 4%. Either dividends must be increased or prices of stocks must go lower. Both cannot continue forever so poorly adjusted.

The above comment refers primarily to industrial stocks. I forecast that both the gross and net earnings of utility stocks will advance during 1963 and for some years thereafter. The utility cumulative preferreds have reached a point whereby they will closely follow interest rates as determined by the Federal Reserve Banks. The utility common stocks should slowly rise in price provided they are not unjustly limited by legislation or by state and federal regulatory commissions.

As for the railroad stocks, I generally feel bearish. A war with Cuba or a world nuclear war breaking out anywhere could cause the stocks of all our transcontinental railroads to go up sharply in price, but down they would come again. We are today in an electronic age and no longer in a railroad age. Those who desire to invest in common stocks should

OLSON'S

Sees Continued Economic Gains In Area In 1963

This and other counties of the Northern Lower Peninsula will share in the continuing economic progress which Dr. Paul A. Herbert forecasts for Michigan in 1963. Dr. Herbert, research chief of the Michigan Economic Development Department, predicts that Michigan's economic progress in 1963 will exceed the national average and should be greater than in most states.

Although Michigan will show additional improvement in 1963, Dr. Herbert warns that this will not necessarily mean that Michigan has solved its employment problem or its dependency on a single industry, primarily automobile and truck manufacture.

"The mild recession for the United States forecast last year by some economists for the latter part of 1962 did not occur in Michigan. Other experts held the viewpoint that a drop in business would certainly come early in 1963. This also is not likely to happen in Michigan."

Of the Northern Lower Peninsula, Dr. Herbert says:

"The northern half of the Lower Peninsula will show less economic growth in 1963 than the Upper Peninsula. The tourist business, and particularly winter sports, will continue to increase, but not enough to reduce the average annual unemployment rate. However, there will be an increase in per capita income in 1963 and the promise that 1964 will show more overall improvement."

'Miracle Baby' with Birth Defects Is Named March of Dimes Child

Jimmy Boggess' mother, Mrs. Shirley Boggess, reads a fairy tale to the 1963 National March of Dimes Boy, a victim of the birth defect known as open spine. She is a March of Dimes volunteer in her home town of Coy, Ark., because she wishes to encourage research "to learn why some children, like my Jimmy, aren't born perfect."

Five-year-old Jimmy Boggess of Coy, Ark., a "miracle baby" who has survived a constant battle against serious birth defects, has been named the 25th Anniversary March of Dimes Boy for 1963.

Jimmy, the son of Mr. and Mrs. James Boggess, was born with a birth defect known as spina bifida, or open spine. He underwent an operation when he was five days old to correct this condition. A few months later, it appeared that he also had hydrocephalus, or water on the brain. However, this condition has apparently arrested itself without need of surgery. In spite of the fact that he also has defects in both the genito-urinary and digestive systems, Jimmy is a happy, inquisitive child who plays with his pets and his toys as eagerly as any other youngster his age. He walks with the aid of steel braces and wooden crutches. He looks forward to his nationwide tour scheduled for January, which marks the 25th anniversary of The National Foundation-March of Dimes.

His picture will be on millions of coin collectors, leaflets and pool cards used in every county in the nation. He will also visit with a number of congressmen, senators, governors, mayors, screen stars, TV personalities and stage celebrities.

A winsome, intelligent lad, Jimmy was born in Panama City, Fla., Jan. 20, 1957. His parents, both natives of Arkansas, took him soon after to their home state to be nearer specialists and medical facilities there, so that their son could get the expert medical care he needed to survive.

"Jimmy is a symbol of the 250,000 children born each year in this country with significant birth defects. He is living proof that something can be done for seemingly hopelessly crippled children," said Basil O'Connor, president of The National Foundation-March of Dimes.

Jimmy's mother, Shirley Boggess, who was a model before her marriage, today is a March of Dimes volunteer. One of the satisfactions she finds in this work is the hope it affords that "research will find the reasons why some children are not born perfect, and then will find a way to prevent these tragedies. The March of Dimes helped wipe out polio with the Salk and Sabin vaccines. I am certain that something can be done about birth defects."

"I am going to work as hard as I can to see that Jimmy continues to get the best possible medical care, and that funds are available for research so that someday other mothers won't suffer the terrible heartache I did."

"Children like Jimmy will benefit most from expansion of the March of Dimes-supported nationwide network of clinical study and treatment centers, which bring the most modern medical care to victims of birth defects, arthritis and polio. Today there are more than 50 of these centers. Our nation could easily use twice that number."

BITS O' TALK

Mr. and Mrs. Charles Long planned to spend Christmas in Muskegon with their daughter and family, Mr. and Mrs. Fritz Goinick and children. They will return home next Sunday.

A New Idea For '63 . . .

One of the Vice Presidents of a manufacturing concern was getting married in the near future; so the business manager of the concern collected \$.25 from each of the 2,000 employees to purchase a gift for the Vice President. He derived the following method of securing this gift.

He went to a store with the \$500 collected, and purchased 2,000 packs of cigarettes with "the coupon on the back." He then removed the coupons from the packs of cigarettes, and sent them in to the Premium company for a Silver Serving Set, which he gave to the boss as a wedding gift. Then, to each person who had donated \$.25, he gave a pack of cigarettes; so actually they had nothing invested in the venture.

When the boss heard of the business manager's handling of this project, he immediately called him to compliment him on the job he had done; but found that the business manager was out on a fishing trip with his new rod and reel which he had received for the trading stamps he received from the store when he purchased the 2,000 packs of cigarettes.

December 28, 1939

The Kiwanis Club of Grayling closed a very successful and interesting year at its meeting Wednesday noon. President Charles E. Moore at that time turned over the gavel of authority to newly elected president Farnham Matson. Emil Giesling of Grayling, lieutenant governor of the 6th district of which Grayling club is a part, duly installed the new officers and directors, outlining to each the duties that come to him under his authority. President Moore expressed his appreciation to the club for the fine cooperation that had been given during the past year and duly relinquished his presidential pin and gavel of authority to the new president.

In a fast game, the Grayling High school basketball team defeated Kalkaska here Thursday by a 23-13 score. The local second team lost a close ball game to the Kalkaska B. squad, 14-10.

The new Blue Room, Shoppens Inn's new cocktail lounge, will open tonight for business. This promises to be the finest and most beautiful of any similar place in northern Michigan. There is a street entrance and also one that connects from the hotel lobby directly into it. The walls are decorated in three tones of blue with chrome strips separating the colors. The room is furnished with leather upholstered booths, the colors being blue and yellow. The tables are black Micarta tops with chrome trim. The chairs are of chrome, upholstered in blue and yellow leather. The lighting is done with 36 feet of pink fluorescent lights.

Mr. and Mrs. Alfred Sorenson and children spent Sunday and Monday visiting relatives in Saginaw.

Mr. and Mrs. Fred Catlin of Toledo spent the weekend visiting the latter's parents, Mr. and Mrs. Paul Ziebell.

Miss Virginia and Kermit Charon of C.S.T.C., Mt. Pleasant, are spending their vacation at the home of their parents.

Mr. and Mrs. Alvis Glenn and children and Flora Glenn of Portsmouth, Ohio, are spending this week visiting the latter's sisters, Mrs. Taylor Loper and Miss Shirley Glenn.

Mr. and Mrs. Milo Endricks and daughter Milene of Detroit spent the Christmas holidays visiting Mrs. Endricks mother, Mrs. Victor Sorenson.

Mr. and Mrs. Truman Marlatt and daughter Nancie of Detroit were the guests of Mrs. Marlatt's parents, Mr. and Mrs. William Strope, over Christmas.

Mrs. Herluf Sorenson and daughter Elna Mae and Charles Moshier spent Christmas day visiting Mrs. Sorenson's sister, Mrs. R. M. Jamieson, in Cadillac.

Mr. and Mrs. George L. Stephan and Mr. and Mrs. Amos Hunter and son Rex returned Tuesday from the Scho, where they were holiday guests of Mr. and Mrs. Stanley Stephan.

Mr. and Mrs. Wesley LaGrow and daughters of Detroit are holiday guests of her parents, Mr. and Mrs. Arnold Burrows. They are also visiting his mother, Mrs. Alex LaGrow.

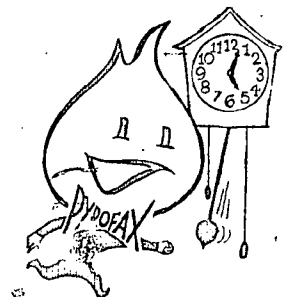

William Heric, who is employed for the Keweenaw Co. at Big Bay, arrived home Saturday to spend Christmas with his family and is remaining in Grayling for the week. Other guests at the Heric home Christmas day were Mrs. Heric's parents, Mr. and Mrs. N. C. Nielson of East Tawas and her sister and husband, Mr. and Mrs. Merle Hesselstweet of New Era, Michigan.

Mr. and Mrs. John Canfield are the proud parents of a daughter, Christine Louise, born to them at Mercy Hospital Sunday, December 24th.

Mr. and Mrs. James Tobin of Frederic entertained the following guests at a delicious six-course Christmas dinner, Mrs. Laura Wallace, Mr. and Mrs. Charles Craven, Mr. Wilson Patterson, Mr. and Mrs. R. J. Brennan Sr., Mr. and Mrs. R. J. Brennan Jr., and daughter Patricia, Mr. and Mrs. Clare Melroy and son Clare Jr., Mr. and Mrs. Gilbert Cram and son Jimmie and Mr. and Mrs. Earl Wallace.

Miss Pearl Patterson and Clare D. Melroy of Frederic have announced their marriage that occurred in Tiffin, Ohio, on December 12th. The ceremony was performed at the parsonage of the English Lutheran church in Tiffin, Rev. Wayne O. Kamper officiating. Attending the couple were the bridegroom's brother and sister-in-law, Mr. and Mrs. Don Melroy, who reside in that city. The bride has always lived in Frederic and Mr. Melroy, who had made his home in Lovells for several years, has operated a gas station on US-27 for the past four years. Mrs. Melroy is treasurer of Frederic township which office she has held for several years.

Sixty children of the catechism classes enjoyed the Christmas party at St. Mary's parish hall Thursday afternoon, that is given annually. They played games and sang carols and a prayer for world wide peace was said in unison. Ice cream and cake were served.

and gifts exchanged that were found under a beautiful decorated tree. The lunch tables were pretty with evergreens, polystyrene and lighted tapers. Mrs. Adolph Peterson, Mrs. Lland Smock, Miss Odie Sheehy, Mrs. W. J. Heric and Mrs. Carl Nielson arranged the very pretty affair.

From a miniature church that was erected over the canopy of the Rialto theatre, bells through a loud speaker chimed out Christmas carols and cheer, that were heard all over the city. Beautifully lighted Christmas trees surrounded the church. It was a clever manner in which to spread yuletide cheer, besides being a very lovely decoration.

Mrs. Helen Routier and son Ralph left Wednesday for their home in Detroit after spending Christmas with Miss Margrethe Bauman and other relatives.

Kenneth Hoesli and Paul Lovely Jr. left Tuesday by motor for Florida to remain until sometime in April. This is the third such trip the former has made.

Clarence Valencourt of East Jordan and Mr. and Mrs. Vernon Schive of Warren, Ohio, spent Christmas day visiting Mr. and Mrs. Fred Bishaw. Mr. Valencourt is Mrs. Bishaw's father and Mrs. Schive, her sister.

Mr. and Mrs. Clarence Gross had as their guests Christmas day Mrs. Gross' sister and husband, Mr. and Mrs. Stuart Rutledge and Mrs. Ethel Rutledge and son Blaine, all of Roscommon, and Earl Drage of Cleveland.

Frederic News
By Mrs. Harry Horton
Mrs. Ida Post's son Milford was to be up Thursday to get his mother and take her to Bay City to spend the holidays with them.
Mr. and Mrs. Raymond Brown left to spend Christmas with her mother, Mrs. Schuck, and brother Eddie in Defiance, Ohio. They stopped in Freeland on the way to see their daughter and family, the Dick Gehrigs.
The Rev. and Mrs. William Wilder spent Christmas in Cadillac. Due to the sons-in-law's working conditions they had their dinner and tree on Saturday.
The Clarence Gabriels left December 26th for Fort Lauderdale, Fla., to visit her sister, the Allen Stephens, for New Years. They will be gone for some time.
The Gilbert Crams spent Christmas with son Jim Cram and family in Flint.
Mrs. Flora Mason spent a week in the Grayling hospital. She was to come home Monday, Christmas Eve, to spend Christmas at home. We hope she will be much improved in health.
The first annual Firemen's Christmas party for children was held December 19th at the Town Hall, for youngsters pre-school and through the 6th grade. There were between 150 and 175 small fry there from 4 to 6 p.m. Ice cream, cookies, and chocolate milk were served. Santa Claus arrived and sang Christmas carols with the youngsters. In the evening from 8 to 11 o'clock a party for older children was held, with about 100 or better attending. Dancing and games were the evening's entertainment. Lunch was sandwiches, potato chips, pop and cookies. An enjoyable time was had by all at both parties.

St. Mary's Altar Ladies
St. Mary's Altar Guild enjoyed a Christmas party Tuesday night of last week at St. Mary's Hall. There was a nice turnout for the evening. The children of the 5th and 6th grades at St. Mary's school presented a Christmas program of a playlet and Christmas carols. A brief business meeting followed, then gifts were distributed in a novel manner, by the ladies singing darts at numbered balloons, and finding the correspondingly numbered gift under the gaily decorated and lighted Christmas tree. A lovely lunch of hors d'oeuvres, salad, ice cream and coffee was served at tables prettily decorated in the Christmas motif.

CARD OF THANKS
May we extend our thanks to friends and associates not only for their cards and expressions of sympathy at the passing of Mrs. Catherine Briggs, but also for their kindness and consideration to us throughout the months of her illness.

stick to the oils, chemicals, and electronics. Even then keep in mind Newton's Law of Action and Reaction which will always determine the time to buy and sell common stocks.
Regarding bonds I am not pessimistic for 1963. Certainly, the non-taxable bonds will sell higher during 1963. Also, good short-term corporate and government bonds will be safest to hold. Long-term corporate and government bonds may sell for less sometime during 1963. Long-term bond prices vary with interest rates and the probability of inflation.

BUILDING AND REAL ESTATE
There may be some decline in residential building in 1963; and shopping centers in many suburban developments may remain at a stand-still for a while. However, so much money is piling up in savings banks which must be invested, it seems that by 1964 many more new homes will be built. In this connection, when purchasing a house or business property, be sure to study the land, which usually improves in price while the value of the building declines.
When constructing new frame houses, build either single home or houses with only two apartments on the ground floor. There will be considerable new building of brick apartment houses, which should keep filled so long as they are well maintained. Old apartments and old houses will decline in price during 1963.
The less attractive outlook for home building generally does not apply to government or public buildings, or to all commercial buildings. The real estate developers, however, must spend more on advertising in 1963 to meet the growing competition.

RETAIL TRADE
Naturally, there will be a seasonal lull in retail trade after Christmas and the mark-downs which follow January 1. That will be the time to look for bargains. Scan the advertisements well. This especially applies to merchandise that depends more or less on style, such as dresses, coats, hats, and shoes. Buy good-quality items that can be passed down to the young children. Over all, I expect 1963 to see a somewhat higher level of retail trade than has prevailed in 1962.
Purchases made at real mark-downs could be good cause for opening a new charge account. But be very careful to build up a name for good credit. You can arrange to pay some in 30 days, some in 60 days, and some at 90 days; but be sure to pay a little before your account is due. Good credit at a good retail store will help you and your husband (or wife) when you may need this credit later to buy real estate or start a business of your own.

CUBAN OUTLOOK
I forecast that the Cuban problem will not be settled in 1963. It may extend until after the 1964 presidential elections. The Russians have removed their missile installations and bombers from Cuba in accordance with President Kennedy's demands. In return, Mr. Khrushchev will undoubtedly want some concession in Berlin, or in Turkey — which now bottles up Russia in the winter due to Turkey's control of the Dardanelles.
Khrushchev must placate his people at home by improving rather than reducing their standards of living. I saw this very clearly when I was in Moscow. He helped Castro only so that he would have something to trade with the United States, either in connection with Berlin or with our bases which we now have in Europe. Khrushchev expected to later withdraw from Cuba when he first decided to help Castro. He knew Russia could continue to use Cuba as a base for Russian submarines. Now both Khrushchev and Castro are looking to save face at home.
Some think the Cuban fracas will make President Kennedy much tougher with labor here in the United States, but I disagree. Labor leaders may be more reasonable in their demands, but they will continue to have friends at the White House.

LABOR AND THE PROFIT MARGIN
Readers should realize that the steel workers can reopen their wage contract after May 1, 1963. The settlement of this contract will be very likely to influence other labor disputes, depending largely on international conditions.
I feel that our country is becoming "immune" to crises, believing that the cold war will continue for years to come. There, however, will be no nuclear war within our generation, and no international war of any kind in 1963.
Labor should begin to realize in 1963 that wages finally depend upon the employer's margin of profit. The year 1962 has seen many employers close down because of their slight margin. Small businessmen — both manufacturers and retailers — must have a larger margin of profit in order to exist. There are too many mergers into bigger units and too many failures of worthy employers. Labor leaders are largely responsible for this unfortunate development and are slowly pricing themselves out of business. Sooner or later this can result in much unemployment. A tax cut will not solve this difficulty.

COMMODITY PRICES
Nineteen-sixty-three will see many basic commodities sell for lower prices. Despite domestic production cutbacks for many raw

Camp Grayling Enjoys Yule Party, Dec. 20th

Warehouse Building 36 was the scene of a Christmas celebration held Thursday at Camp Grayling, the annual party given for the male personnel of the military establishment. Invitations were extended to retired employees of the camp, and also to Lansing officers, those attending being Gen. Carson Neifert, Col. Vergel Cuse, Col. Arthur Phillips, Col. Joenax Smith, Col. Jay Nolan, Major Lewis Langford, and Warrant Officer Henry Wolfe.
The party began about noon with a potluck meal, followed by a program put on by camp employees. There was music all afternoon by the Mystics orchestra. Chairman of the party was Lt. David Hanson, assisted by Sgt. Lea Hawkins, Pfc. Ed Sorenson, and Sp3 Bud Helsel, who are to be congratulated on their fine job.
Providing the entertainment were Sp4 Dale Kenyon, Pfc. Frank Davis, Sp3 Gil Davis, Pfc. Don Campbell and Sgt. Leo Hirvela, who appeared as the Offbeat Boatniks, singing several numbers. Another group, Sickem Sam and his Hawaiian band, the Hummers & Strummers from the island called Ahi-wetel, played instruments and did the hula. In this group were Clair Smith (Sam), Lt. Duane Sloan (Ki-la-hu), Warrant Officer Cal Knowles (Lu-woid-er), and Sgt. John Failing (Wala-wala put). Officer Knowles was the graceful, exotic hula dancer.
Around one hundred persons enjoyed the afternoon, and all expressed their approval of the handling of the affair.

TAXES AND INFLATION
Before the Kennedy Administration defines I forecast that we will have either more taxes or more inflation. Neither, however, need come in 1963. The stock market may discount the expected inflation by temporarily continuing above 600 on the Dow-Jones Industrial Average. The November elections indicate that the voters want a "welfare state" and I believe this means more inflation rather than more taxes.
"The old saying, 'We cannot have our cake and eat it too,' is certainly true today. The elections referred to above indicate that the majority of voters really believe they can have all these temporal benefits such as medical care for the aged, medical and hospital payments, more social security, etc., without having to pay the bill either through increased taxes or through inflation.
With all that is promised to young people in the form of free education, college scholarships, etc., in addition to the above-mentioned help, this means that the employed people, from ages 25 to 65, must carry the entire burden. Sometime they will rebel, but it will not be in 1963 although it might come at the next presidential election. Certainly the enactment of a "real" all-inclusive tax cut is no sure thing. It may look good to the "working man" but not to investors or employers.

THE UNITED STATES DOLLAR AND GOLD
The purchasing power of our dollar will gradually be less, but this statement applies also to the currency of all countries. If our dollar declines in value it will be the same for every nation. If we devalue the dollar or the other way around, the dollar will look prosperous by phony book-keeping, the other nations will gradually follow suit and we will all wind up where we started.
The dollar will not be devalued in 1963, although the Wall Street and Lombard Street brokers will put out propaganda to the contrary.
Now, a final word with regard to gold. The United States will continue to lose gold on balance during 1963. The only way to prevent it in 1963 is for us to export more goods and import less. This would require certain sacrifice on the part of our people.
Since my trip to Africa, I have concluded that the answer is in producing more gold rather than leaving it underground. If gold had a free market, its production would increase naturally and it would then represent one of the safest and most profitable investments available today. Another one may be uranium oxide.
Of course, large quantities of gold may be found on the surface of the moon — which brings me to my final subject, which I hope readers will take seriously.

GOING TO THE MOON
Nobody will reach the moon in 1963 or 1964, but you will see more and more about it in the newspapers during 1964 — or 1965. Do not think that the United States will be the only country preparing for this trip. Russia, England, France, Germany, and possibly China are preparing today to go to the moon. With labor getting 15 cents for a twelve-hour day in China and with booster engines purchasable abroad, China may be the first to get to the moon. China does not need to be a member of the United Nations in order to send a rocket and three men to the moon and return. China's trip to the moon may be financed by foreign capital. China will win the territory it wants in India and ultimately get Burma.
Buying of "going to the moon" stocks may become a very active speculation. The original boosters will be paid for by the government, but their operation will be left for profit. The situation may compare with our great "gold rush" in 1849. However, it will not be limited to gold, but will also include diamonds, platinum, and perhaps other elements which are not yet in our chemistry books. My great-grandparents were all seafaring men taking people from New England down the East Coast of South America around the Horn and up the Pacific Coast — a trip of two months. The astronauts say that they can make the trip to the moon easily in less than four days. One final thought: If the Kennedy Administration gets into too much of a jam between taxes and inflation, the promotion of trips to the moon may pull them out of their trouble. By sending private capital which is now in need of some attractive speculative investments, this might even bring about another big stock market boom in the late Sixties.

Before the Kennedy Administration defines I forecast that we will have either more taxes or more inflation. Neither, however, need come in 1963. The stock market may discount the expected inflation by temporarily continuing above 600 on the Dow-Jones Industrial Average. The November elections indicate that the voters want a "welfare state" and I believe this means more inflation rather than more taxes.
"The old saying, 'We cannot have our cake and eat it too,' is certainly true today. The elections referred to above indicate that the majority of voters really believe they can have all these temporal benefits such as medical care for the aged, medical and hospital payments, more social security, etc., without having to pay the bill either through increased taxes or through inflation.
With all that is promised to young people in the form of free education, college scholarships, etc., in addition to the above-mentioned help, this means that the employed people, from ages 25 to 65, must carry the entire burden. Sometime they will rebel, but it will not be in 1963 although it might come at the next presidential election. Certainly the enactment of a "real" all-inclusive tax cut is no sure thing. It may look good to the "working man" but not to investors or employers.

THE UNITED STATES DOLLAR AND GOLD
The purchasing power of our dollar will gradually be less, but this statement applies also to the currency of all countries. If our dollar declines in value it will be the same for every nation. If we devalue the dollar or the other way around, the dollar will look prosperous by phony book-keeping, the other nations will gradually follow suit and we will all wind up where we started.
The dollar will not be devalued in 1963, although the Wall Street and Lombard Street brokers will put out propaganda to the contrary.
Now, a final word with regard to gold. The United States will continue to lose gold on balance during 1963. The only way to prevent it in 1963 is for us to export more goods and import less. This would require certain sacrifice on the part of our people.
Since my trip to Africa, I have concluded that the answer is in producing more gold rather than leaving it underground. If gold had a free market, its production would increase naturally and it would then represent one of the safest and most profitable investments available today. Another one may be uranium oxide.
Of course, large quantities of gold may be found on the surface of the moon — which brings me to my final subject, which I hope readers will take seriously.

GOING TO THE MOON
Nobody will reach the moon in 1963 or 1964, but you will see more and more about it in the newspapers during 1964 — or 1965. Do not think that the United States will be the only country preparing for this trip. Russia, England, France, Germany, and possibly China are preparing today to go to the moon. With labor getting 15 cents for a twelve-hour day in China and with booster engines purchasable abroad, China may be the first to get to the moon. China does not need to be a member of the United Nations in order to send a rocket and three men to the moon and return. China's trip to the moon may be financed by foreign capital. China will win the territory it wants in India and ultimately get Burma.
Buying of "going to the moon" stocks may become a very active speculation. The original boosters will be paid for by the government, but their operation will be left for profit. The situation may compare with our great "gold rush" in 1849. However, it will not be limited to gold, but will also include diamonds, platinum, and perhaps other elements which are not yet in our chemistry books. My great-grandparents were all seafaring men taking people from New England down the East Coast of South America around the Horn and up the Pacific Coast — a trip of two months. The astronauts say that they can make the trip to the moon easily in less than four days. One final thought: If the Kennedy Administration gets into too much of a jam between taxes and inflation, the promotion of trips to the moon may pull them out of their trouble. By sending private capital which is now in need of some attractive speculative investments, this might even bring about another big stock market boom in the late Sixties.

Victory over the sea lamprey appeared close at hand in Lake Superior as a result of chemical treatment of streams in recent years—firearm hunters registered the fifth highest deer kill in state's history—outdoor recreation reached new heights in popularity and pointed up broadening challenges for state lands. These stood out as some of Michigan's top developments in conservation—resource management and use—during 1962. There were others, of course. Hopes of meeting future leisure time needs were lifted when a \$200,000 federal grant was made to carry on a state-wide recreation and land conservation plan. Michigan's permit-building program for state parks swung into high gear, with some \$2 million worth of construction projects contracted and about \$1 million spent for new recreational lands through this its second year. Five new scenic drives were set up in state forests to add another dimension of recreational use to these lands. The year also saw much "lost" progress, particularly among game and fish program, which were hard ridden by a prolonged cash crisis.—Mich. Dept. of Conservation

Council Proceedings

Regular meeting of the City Council held on November 12, 1962.

Meeting called to order at 7:30 p. m. by Mayor Hoffman.

Members present: Duley, Giegling, Hoffman, Madsen, McNamara. Members absent: None.

City Attorney Charles E. Moore present.

City Auditor Clifford E. Peterson present.

Citizens present: William Joseph, James Baker, Victor Purins, engineer.

A motion by Hoffman and supported by Giegling that the minutes of the previous meetings be approved as read. All voted in favor, the motion carried.

William Joseph and James Baker came before the Council on behalf of the Grayling School Board to discuss the method of payments to the City for the park property

they recently purchased from the City. No decision was reached at this time.

A motion by Giegling and supported by Madsen that the City surrender to the Grayling State Bank for cash to the General Fund, one \$25,000.00 Time Certificate to cover a partial payment of the construction cost of the disposal plant.

All voted in favor, the motion carried.

A motion offered by Giegling and supported by Duley that the monthly estimate on the disposal plant project by Peterson and Westburg for \$19,641.01 be paid.

All voted in favor, the motion carried.

A motion by Giegling and supported by McNamara that the monthly statement of Williams & Works for the amount of \$1,544.21 be paid.

All voted in favor, the motion carried.

A motion by McNamara and supported by Duley that the building permit requested by the Mercy Hospital for a nurses home be granted.

All voted in favor, the motion carried.

A letter to the City Council from Mrs. Dorothy Dykema, representing the Crawford County Library Board, asking for a donation by the City to the Library Fund was read. The City Council feels that due to the City's financial position it would be impossible to contribute to this fund at this time.

A motion by Madsen and supported by Duley that the City advertise for bids for the sewer and water project on Galen Street.

All voted in favor, the motion carried.

The question on the sewer rates was tabled until the next regular meeting.

A discussion was held on the stand-by rates for fire calls for the Townships. The City will pre-

sent a contract to the Townships for their approval.

A motion by McNamara and supported by Duley that the City authorize the Consumers Power Company to erect the decorative circuit on Michigan Avenue and on Cedar Street between Lake Street and the AuSable bridge.

All voted in favor, the motion carried.

The City Manager was instructed to advertise for sale the 20,000 gallon oil storage tank formerly used by the light and power plant.

The City Manager was instructed to ask for bids on the rental of the Police car for the next year.

As there was no further business to come before the Council at this time, the meeting was adjourned by Mayor Hoffman at 10:00 P. M.

Harold S. Cliff
City Clerk

Special meeting of the City Council held on November 26, 1962.

Meeting called to order by Mayor Hoffman at 7:30 P. M.

Members present: Duley, Giegling, Hoffman, Madsen, McNamara. Members absent: None.

City Attorney Charles E. Moore present.

The various bids for the Ogema Street and Galen Street sanitary sewer and water main construction were reviewed. The contractors bidding and their bids were as follows:

Jack Millikin, Grayling, Michigan - bid not completed

Peterson & Westburg, Cadillac, Michigan - total bid \$8,710.52

W. A. Porter, East Jordan, Michigan - total bid \$6,930.00

Peterson & Westburg - completion date January 25, 1963.

W. A. Porter - completion date thirty days from signing of contract.

W. A. Porter's proposal was accepted by the City Council because of the time element. The motion to accept as follows:

Motion by Giegling and supported by Duley that the City accept the proposal for the Ogema and Galen streets sanitary sewer and water main contract as submitted by W. A. Porter of East Jordan for a total sum of \$6,930.00.

All voted in favor, the motion carried.

The meeting was adjourned by Mayor Hoffman at 8:30 P. M.

PROPOSED INTER-FAITH CHAPEL — This is an architect's conception of the inter-faith chapel to be built for the 3,000 patients at the Traverse City State Hospital who now have no regular church facilities.

The Protestant Sanctuary is shown at left; the Catholic Sanctuary at right and the Jewish Synagogue in the center. Sunday School rooms, chaplains' offices and family counseling areas will occupy the wing opposite the Narthex.

The \$300,000 cost of building and furnishing the chapel is being met through gifts from private individuals, corporations and other organizations throughout the 29 county area served by the hospital. The 800 employees at the hospital are contributing \$20,000 for the Narthex and there are many more opportunities for memorial gifts.

Home Extension News

The Penny Pinchers Home Extension group met December 11th with Mrs. Earl Broadbent for their annual Christmas party. A delicious ham potluck meal was enjoyed. Several games were played and prizes won by each member present. Mrs. Broadbent poured the punch, and then showed their Christmas presents received from Mr. and Mrs. Don Southern and family (their daughter Dora Lou) who are in Iran. The gifts, a charcoal pipe set, table cloth and piece goods, are very beautiful.

January 8th we will meet with Mrs. Don Bobenmoyer, who will be hostess.

See Increasing Future Growth For Community Colleges In State

More College Students

COMMUNITY COLLEGES, of which there are now 17 in the state, will see increasing growth and popularity in future years, according to a number of Michigan educators.

Philip Gannon, President of Lansing Community College and head of the Michigan Council of Community College Administrators, predicts the percentage of college freshmen attending school in their community will continue to rise as it has in past years.

Just a very few years ago 26 per cent of all freshmen at Michigan institutions of higher learning were attending community colleges. This year the figure was 30 per cent, while the number at 4-year institutions, both public and private, decreased.

"Community colleges have a very distinct character and must be considered as an entity which will increase in importance and use," Gannon said.

The spokesman for the community colleges gains support for his observation from Ferris Crawford, of the State Department of Public Instruction.

"These institutions must be viewed as an important part of the total framework of higher education in Michigan," Crawford said. "The demand for education beyond high school in or near a student's home community is increasing almost daily even now. This demand will continue to increase."

John A. Hannah, president of Michigan State University, voiced some agreement on the need for community colleges as a service to Michigan's growing student population.

"The problem of educating our youth is not a problem of the colleges and universities," Hannah said. "It is a public problem, because it is the public's children who must be educated."

Hannah, a graduate of Grand Rapids Junior College, said there likely will be a day in the not too distant future when Michigan's colleges and universities will need more help in handling the needs of the annual high school graduating classes.

"When this day comes, the burden will be on the services available at the community level," he said.

Throwaway Bottle Battle
THE EFFORT TO GET a year-round anti-litter campaign off the ground continuing in the Lansing area by state officials and in other parts of the state by individuals and groups interested in the campaign.

One facet of the litter problem which partially prompted the Governor's appointment of an anti-

litter committee may be taken out of the realm of the campaign, however.

The hue and cry to legislate against throw-away beer bottles is growing louder and louder. The cry was first set by basically one man, State Rep. Oscar Bouwsma, Muskegon Republican. He complained to the Liquor Control Commission seeking a ban on the no-deposit bottles and then proposed legislation when the commission's rule was halted by the Governor.

A report by the Governor's anti-litter committee proposed a year-round campaign to make Michigan citizens the most litter-conscious in the nation.

Bouwsma and a number of others, however, feel litter-consciousness is not the answer to eliminating the throw-away bottles from the curbs, streets, beaches and streams.

The Muskegon Republican indicated he will propose the prohibitive legislation again this year. At least one large lobbying force, the Michigan Farm Bureau, has gone on record supporting legislation to ban the sale of beer in throw-away bottles.

Are You Prepared NOW MAY BE A GOOD TIME to look at your family's preparedness for a real emergency which could last.

In time of emergency, difficulties which arise for the individual family often leave time to really plan. It is best beforehand.

Experts in the federal and state agencies strongly advise that each family keep an emergency food stockpile on hand at all times. This means a full two-week supply of regular food and a special two-week supply of "survival foods."

Water is one of the basics for survival. For adults, allowance should be made for at least 7 gallons per adult for drinking purposes over a two-week period and another 7 gallons for bathing, brushing teeth and dishwashing.

"Survival foods" are described by the Office of Civil and Defense Mobilization as those which will last for months without refrigeration and can be eaten with little or no cooking.

The more popular stockpile foods include canned or non-fat dry milk, canned meat, poultry, fish, beans and peas; canned or dried fruits and vegetables.

Tightly wrapped cereals and baked goods are on the list. Also are staples such as cheese spreads, peanut butter, fats and vegetable oils which do not need refrigeration; sugars, sweets and nuts.

Miscellaneous items such as coffee, instant cocoa, bouillon products, salt, pepper, vinegar and soda should also be included on the checklist of "survival foods."

Bits O' Talk

Major and Mrs. Michael Steger and children arrived December 20th from the Air Force Academy, Colorado Springs, Colo., to spend two weeks with his mother and family, the Fred Bears.

BLAMBLIN 'OV' E'

Mitchell Memorial church was the scene of the marriage of Miss Janet Maxine Hamblin, daughter of Mr. and Mrs. Ivan Hamblin of Maple Forest, to Mr. Robert John Hale, son of Mr. and Mrs. Ernest Hale of Grayling, on Saturday, December 1st. The candlelight ceremony was performed at 7:30 in the evening by the Rev. Alfred Fennell, before members of the family and a few friends. Vases of white flowers graced the altar. Mrs. Arthur Feldhauser sang "Because."

Given in marriage by her father, Miss Hamblin chose a white chiffon street-length dress with lace jacket and elbow-length sleeves. Her elbow-length veil was held by a headpiece trimmed with seed pearls and sequins, with a bow in front. Her flowers were red roses centered with a white orchid.

Miss Barbara Rouse of Frederic attended the bride. She wore a turquoise chiffon street-length dress and carried yellow and white roses.

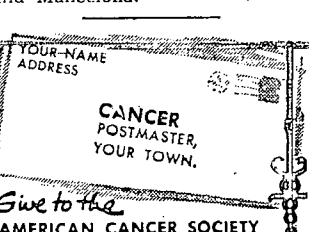

Terry Wakeley was best man. Gary Yoder and Mike McEvers were ushers.

For her daughter's wedding, Mrs. Hamblin chose a beige sheath dress. Mrs. Hale wore a red dress, and both mothers wore coronas of yellow and rust mums.

A reception was held in the church parlors immediately after the wedding. A three-tiered wedding cake centered the bride's table. Assisting Mrs. Hamblin at the reception were Miss Kathy Shue, who poured the coffee, Miss Sharon Plagens, who cut and served the wedding cake, and Don Plagens, who poured the punch.

The new Mr. and Mrs. Hale enjoyed a four-day honeymoon in the Upper Peninsula, following which they are making their home at 901 Smith Street in Grayling. Mrs. Hale graduated from Frederic High in June, and Mr. Hale from Grayling High last June. He is presently employed at Don's Standard Service.

Guests from out of town came from Flint, Pinckney, Kalkaska and Mancelona.

JOBBER'S AGAIN TO OFFER SCHOLARSHIPS

Sam Gust, Grayling, to day announced that the Independent Jobber Suppliers of Northern Michigan will again make scholarships available to students of four Northern Michigan colleges instead of giving the usual "business" Christmas gifts to customers.

Colleges involved in the "Northern Michigan Auto Service Dealers Scholarship" program are: Northwestern Michigan College, Traverse City; Ferris Institute, Big Rapids; Alpena Community

College; and North Central Michigan College, Petoskey. According to Gust, the Christmas scholarship program was started some 10 years ago by the jobbers and this year the total of scholarships — the number of students who have been helped to either start school or stay in school — will reach 155. Among the recipients, many are teachers, C.P.A.'s, school bus drivers, or filling other highly trained positions which call for college training.

EXCEPTIONAL CHILD

In the education of handicapped children, there are two concepts, fundamental to all education, which are so basic that they are frequently overlooked. The first of these is that public education is one of the inalienable rights of every child. This concept allows for no exceptions, even among the handicapped. The second is that handicapped children are essentially like so-called normal children. They are children first, and handicapped children second.

Any plans for the education of handicapped children must be based on recognition of both their basic needs as children and their special needs as handicapped children. Frequently, the special needs of these children are such that they can be met best with those services we term "special education."

Sound educational principles dictate that these special education services should be applied only when they are demanded by the needs of the child. The regular classroom is the best educational environment for any child to meet his basic needs. Achieving social and emotional maturity is not easy even for the child without disabilities; it is frequently very difficult for the handicapped child. It can be attained only through relationships which build mutual confidence and respect.
